

COVID-19 Preparedness Plan

March 21, 2020

Protecting You

We've proactively taken the steps listed below to ensure your health and safety when attending your appointments:

- We perform pre-screening COVID-19 questions before exams and procedures via phone and text.
- We have postponed all non-essential procedures.
- Hand hygiene booths have been installed by entrances and door signage with screening questions are posted.
- We've limited number of people that accompany the patient to their procedures.
- We've implemented social distancing in our waiting rooms and throughout the facility to the extent possible.
- Enhanced facility cleaning protocols have been implemented.
- All loose items have been removed from the waiting rooms.
- Our leadership team is constantly monitoring national and local health department recommendations.
- We communicate companywide each day to educate staff on the most current recommendations and protocols.
- OR vapor reduction
